Sir,

S Reference -Government Proceedings No. 6940-1/M1.249-09. dated the 20th February last, passing orders in the matter of allotting the ground occupied by the Upparhalli Health Camp sheds into building sites.

I have the honour to forward herewith, for favourable consideration of Government, copy of an application from Mr.K. Srinivasiengar, Assistant Engineer, Water Supply and Stores Division, applying for three sites to the East of his house in the North 100 Ft Road of the Basavangudi Extension

2 From the plan herewith enclosed, it will be seen that among the sites on the above road, the sites built upon by Mr Srinivasiengar are 3,4,5 & 6. He now applies for the sites Nos 7,8 & 9 The request of this gentleman for additional sites is, in my opinion, very reasonable, as he has already built an expensive building and wants more ground for out-houses etc , to the south of the said road The first two sites Nos 1 & 2 have been already occupied and built on.

3 I request that in re-consideration of the orders under report, the three sites applied for by Mr Srinivasiengar may be ordered to be allotted to him, as a special case, as

The Hon'ble President,

Sir,

In continuation of my letter, dated 6th September 1909, applying for Government Sites Nos. 1 and 2 next to my Sites on the North Road, Block No. IV, Kirulapone Extension, I wrote to inform you that the Bungalow I wanted to build is completed & working people, but I feel the want of more room for out-houses. You informed me that my application will be considered after the Government passed orders on the general question regarding the sites next to my Bungalow. I learn now that Government do not want to auction these sites for some time to come as people buy sites on speculation and not with the real intention to build houses. This order becomes a great hardship in my case, as I have built a big Bungalow costing over Rs. 9000/- in my small site of 120' x 120' in the expectation of adding more room later on for out-houses for servants and stabling horses and carriages.

Before I built the bungalow, you were kind enough to inspect the locality in company with the President and Senior Surgeon and you all thought that my claim was a just one. Even after the building was completed, you have inspected my house and you are well aware of the insufficiency of accommodation and the inconvenience I am put to for want of room for out-houses. I therefore write to request you to place my case before the President with your strong support for recommendation to Government for sanction to allot me the 3 sites adjacent to me which are Government sites unoccupied at a fair valuation to be settled by you. Though the Government have ordered that the sites need not be sold at present, I presume they will consider my case a special one, if you and the President
